

# Welcome!

## to CAREERVISION

### CAREERVISION

has been prepared to assist students in making sound career decisions about career and technical education programs at PJC.

The information is designed to assist someone in making an informed career choice or in affirming that a choice is the correct one. The course information will assist in general academic advising, however, the department contact identified for each program can provide the latest accurate information for specific course advising.

PJC wishes you much success in your education and career pursuit.

Dr. Ann Southerland  
Assistant Vice President  
Academic Affairs and Career Education  
Pensacola Junior College

### PJC Career and Technical Education Programs

Leading to . . .

- Associate in Science Degree
- Associate in Applied Science Degree
- Applied Technical Diploma
